**Press note for Education Fest and Career Counselling 2014**

Manipuri Muslim Online Forum (a registered society) is non-profit, apolitical organisation working for the empowerment of Manipuri in general, and Manipuri Muslims, in particular, through quality education. In line with our objective, we are organising a MEGA EDUCATION FEST AND CAREER COUNSELLING on 26th and 27th April, 2014 at D.M. College of Arts auditorium. This event is not-for-profit and it aims at providing an interactive career counselling of all Manipuri students passing out 10th and 12th standard and their parents. During this event, speakers from different walks of life will guide the students to set their career goals. Achievers namely Armstrong Pamei, IAS officer, will grace the function and interact with students and parents. Among the speakers are Entrepreneurs, Army Officers, Doctor, Counsellors, and Professors.

Not only these resource persons, presentations by event sponsors will highlight the eligibility, financial requirements & supports and prospects of the career choices available today. We expect good number of students and parents to be benefited from this event.

This event has been designed to be a guide light for future career fests in Manipur. Come, witness the harbinger of change yourself and be a part of history. Every visitor will be given free advice on their body mass index for a healthy life ahead. All are welcome.

(Md. Nasir Khan)  
General Secretary
